These preparations are meeting with universal favor among the medical profession and are taking the place, as home productions, of others from beyond the State. Our desire is to make these the "Standard Pharmaceutical Preparations" of this market; to which end we have recently fitted up for their manufacture, a new laboratory, entirely separated from our general laboratory, and we shall use our utmost efforts to obtain the best drugs and to secure their proper manipulation. When prescribing or ordering this class of goods, please specify "Perkins."

# INTRODUCTORY.

---

This edition of our Catalogue will be found much more complete than any previous issue, and will well repay a careful examination.

In the department of "Drugs, Chemicals, Dyes, &c.," we have specified against each article the sizes of the different packages of it which we carry in stock. In the department of "Patent Medicines and Proprietary Articles," we have affixed to each article the retail price, to serve as a guide in ordering goods in that line.

By consulting the Catalogue when ordering goods, customers will be enabled to order them in the original packages therein specified, and thus frequently get a better price than when ordering in broken packages, as the waste and expense attending the opening and re-packing of many kinds of goods would then be avoided.

Parties about to fit up new stores will find the Catalogue of great assistance in the selection and arrangement of their stock. We would call the attention of such parties to our facilities for furnishing shelf ware, shop furniture and all other fittings for a new store. They would do well to consult us and get our prices, before making purchases elsewhere.

The continual fluctuations in the market make it impossible to give prices on goods in our line, to the mutual advantage of our customers and ourselves, except from day to day, therefore we omit their publication. At the right of each page a margin is left for prices, which we are always pleased to furnish upon application. By copying into this margin the prices paid for goods from time to time, making the necessary changes upon the receipt of each invoice, a complete and correct cost book will soon be obtained, of much more value than the usual price currents, being a record of actual prices paid. A copy of the Catalogue, prepared for a cost book, printed upon special paper, substantially bound in leather, with extra leaves inserted upon which to make additions of new goods, will be mailed to any address upon the receipt of \$1.00.

*Terms: Cash in Thirty Days.* When special arrangements are made for a longer time, interest will be charged at bank rates.

All expense on remittances, not prepaid, will be charged to the parties remitting.

All orders, from parties personally unknown to us, must be accompanied with the cash or satisfactory references.

Any goods not proving as represented can be held subject to our order.

After taking shipping receipts for goods, we do not consider ourselves further responsible for their delivery; we are, however, always ready to assist in recovering missing goods by furnishing shipping receipts or otherwise.

 Parties returning empty packages to us should always see that their own names are on them, as well as the direction to us; a full list and description of them should also be mailed to us. By strict attention to this, many losses and mistakes would be avoided.

Any Patent Medicines or Proprietary Articles required by the trade will be furnished at short notice and at bottom prices.

We shall add to our stock, from time to time, such new preparations as become standard with the trade.

---

The attention of the Trade is called to the following standard goods manufactured by JOHN W. PERKINS & Co.:

## PERKINS' LIQUID DENTIFRICE.

RETAIL PRICE, 25 CENTS.

Put up in a Sprinkle-top Bottle holding as much as other Liquid Dentifrices or Sozodonts that retail for 50 Cents, and is equally as good.

---

## READY FURNITURE POLISH.

Easily applied, and instantly renewes the original polish. Retails for 25 Cents.

---

## GLYCERINIZED CAMPHOR ICE.

Put up in elegant style, and warranted not to become rancid.

---

## PERKINS' SEIDLITZ POWDERS.

Uniform strength, full weight, and put up in a style that is not excelled by any in the market.

---

## PERKINS' CONCENTRATED FLAVORING EXTRACTS.

LEMON, VANILLA AND ROSE.

These Extracts are prepared from the best materials, are *strictly pure*, and are equal in strength and flavor to any in the market. We offer them in bulk or in bottles. See Catalogue.

---

## SUPERIOR BAY RUM.

This article is prepared with great care, and we confidently recommend it to the Trade as equal to any in the market. For size of packages see list in Catalogue.

---

## PERKINS' SEWING MACHINE OIL.

Purified and prepared expressly for Sewing Machines and all fine Machinery. Sold in bulk or bottled. See Catalogue.

---

## PERKINS' COMPOSITION.

In 1 oz. and 2 oz. papers, or in bulk. No composition in the market excels this in quality, style of package or reasonableness of price.

No list can properly represent a stock of Druggists' Sundries. In the above list we give the standard goods in our stock, but there are many novelties not included in the list, and we are continually adding to it, as new goods come into the market. The trade would do well to examine our stock before making up their orders.

*It will KEEP FOR YEARS without change in Quality or Color, and after being mixed with water, will keep for months.*

*A six pound package will cover over 400 square feet with one coat on a hard finished wall.*

*A pail of this Kalsomine can be mixed in five minutes.*

If you wish to avoid EXPERIMENTING, read the following

## CAUTION.

The wide-spread popularity of my PATENT KALSOMINE and Fresco Paints having induced unscrupulous parties to foist upon the market worthless preparations, under various names, purporting to be for the same purposes, I caution the public to guard against such frauds, by seeing that my NAME and TRADE MARK are on every package.

PARKE, DAVIS & CO., MANUFACTURING CHEMISTS, DETROIT, MICH.

The following recent introductions into the Materia Medica are called to the attention of the medical profession, by Parke, Davis & Co., Manufacturing Chemists, Detroit, Michigan.

**CHEKEN.**—Introduced by Wm. Murrell, M. D., M. R. C. P., Assistant Physician to the Royal Hospital for Diseases of the Chest, and Lecturer on Practical Physiology at Westminster Hospital. Eugenia Cheken, or Myrtus Cheken, belongs to the Nat. Ord. Myrtaceæ, and is indigenous to Chili. The bark of the tree is used in medicine. Dr. Murrell recommends this drug as possessing very superior properties in the treatment of Chronic Bronchitis. It is said by him to have special action on the mucus membranes. Cheken has much reputation in Chili as an inhalation in Diphtheria, Laryngitis, Bronchorrhœa etc.; as an injection in Gonorrhœa, Leucorrhœa, Cystitis, etc.; and internally as an aid to digestion, to allay cough, to facilitate expectoration, and to stimulate the kidneys.

**PERSEA GRATISSAMA.**—Introduced by Henry Froehling of Baltimore, Maryland, who, while acting in the capacity of botanist, and scientist, to an exploring expedition in Southern Mexico, became familiar with the drug, both from reports of the natives, and personal experience, as a remedy for external use in Intercostal Neuralgia. A full botanical description of the plant will be sent on application. The following extract from Dr. Froehling's Report will give some conception of the nature of the drug:

"A common experience among Physicians is that some cases of intercostal neuralgia are very troublesome and obstinate, resisting almost every kind of treatment; particularly is this the case in malarial districts. In such cases I would recommend the fluid extract of Persea seed. In my own person, and in every case in which I have employed it, I have been highly gratified with the result. Those of my medical friends to whom I have given samples of the preparation warmly endorse my opinion of it as above, and I cannot but believe that further trial of it will cause it to be regarded as a valuable addition to our list of medicines."

Dr. Froehling also mentions the fact that *Persea* has been employed with benefit in the expulsion of tapeworm.

*USTILAGO MAYDIS*.—Abundant literature, dating at various periods as far back as 1709, refers to this drug, but it was not introduced into medical practice until about 1866. It was then brought prominently forward as a substitute for ergot. The principal arguments in its favor seem to be that it is cheaper than ergot, keeps better, and that the uterine contractions produced by it approach more nearly to those which occur in natural labor, being clonic, instead of tonic, and thus attended with less risk to the child.

*Coca (Erythroxylon Coca)*.—Coca is said to be a powerful nervous stimulant, retarding tissue waste, increasing muscular strength and endurance and removing the fatigue and languor due to prolonged physical or mental effort. Lately the drug has obtained much reputation for the treatment of the opium and alcohol habits. In these deplorable conditions it is said to have been found to possess extraordinary properties—relieving the sense of bodily and mental misery which follows the withdrawal of the accustomed stimulus, thus preventing a return to the narcotic, and affording an opportunity for building up the system by the administration of restorative tonics.

We also call the attention of the profession to a number of drugs on our list which have now made for themselves sufficient reputation to be classed as approved.

*BERBERIS AQUIFOLIUM*.—Introduced by Dr. Bundy, of California, and now extensively employed by the profession as an alterative.

*RHAMNUS PURSHIANA*.—Better known by its Spanish name, Cascara Sagrada, introduced by Dr. Bundy. An "intestinal tonic," increasing secretion and peristaltic action, and acting as a mild and gentle laxative.

*GRINDELIA ROBUSTA*.—Introduced by Dr. Gibbons, of California. Specially recommended by its introducer as a remedy for Asthma, and since has sustained his representations.

*JAMAICA DOGWOOD*.—Brought specially to the notice of the profession by Dr. William Hamilton, of Plymouth, England, as a powerful narcotic, capable of producing sleep and relieving pain in an extraordinary manner.

*QUEBRACHO BARK (Aspidosperma Quebracho)*.—This drug is said to stimulate the respiratory muscles and facilitate oxygenation of the blood. The reports of its use in the hospitals of New York prove it a remedy of great value. From its marked and immediate effects in relieving dyspncea, it is called by the patients of the New York Hospital "The Breathing Medicine."

*SANGUIS BOVINUS EXSICCATUS (Desiccated Blood)*.—Introduced by F. E. Stewart, M. D., P. H. G., of New York. The use of defibrinated blood was also introduced by Dr. Andrew H. Smith, of New York, as a new method of rectal medication. During his investigations, Dr. Stewart was at work on the same product, but in the dried form, and as a building-up measure in disease, to be used both per os and per rectum. Comparative tests between the fluid and dried blood have not been published, but abundant literature concerning both prove blood as a remedy to be of undoubted value. It has met with remarkable success in surgical cases where the system has been exhausted below the point where nature could assert herself, and at this time it has evidently been the force that was needed to turn the wheel beyond the dead point, and set the machinery of life again in motion.

Our Working Bulletins contain full reports of these drugs, favorable or otherwise, and will be sent to members of the medical profession who may apply.

We prepare Fluid Extracts of all of the above drugs.

# DONALD KENNEDY'S MEDICAL DISCOVERY !

It seems superfluous to call the attention of our readers to an article so well known to the public as DR. KENNEDY'S MEDICAL DISCOVERY. This invaluable *blood purifier* was brought before the public in the days of our fathers and grandfathers, and no known remedy was received in the past generation with anything like the same enthusiasm that KENNEDY's *Medical Discovery* was. In those days Scrofula and all its kindred diseases were considered incurable; it was considered by physicians and patients in the same class of incurable diseases that cancer is now placed in. God grant that an effectual remedy for cancer may be revealed to some honest man that will make the same good use of it that Dr. Kennedy has made of his *Medical Discovery*; scarcely a family in these United States but some of its members have been cured and others benefited by it. It has now become a household word as well as a household remedy. Our mothers and our grandmothers have all known of its healing virtues, and we wish our wives and our daughters to perpetuate its fame, and pass it down to their children and their children's children as a certain and specific remedy for all impurities of the blood, whether it settles inward on the Liver, on the Lungs, on the Stomach, or on the Kidneys, or whether it comes to the surface in scabs or blotches, or scales, or in smaller grains of tetter, salt rheum or pimples. All these are cleansed out of the system by a few bottles. Full description and direction given in the pamphlet around each bottle to cure every skin disease known to our climate.

Manufactured by

DONALD KENNEDY.

No. 284 Warren Street, Roxbury, Mass.

PRICE \$1.50.

*For sale by John W. Perkins & Co., Portland.*

## A WONDERFUL REMEDY.

*MARVELOUS IN ITS EFFECTS!*

Mothers, save your children from the annoying and fatal effects of Pin Worms, by giving

DR. J. F. TRUE'S

JUSTLY CELEBRATED

Pin Worm Elixir!

A Great Discovery.

It is claimed to be the best, safest, most potent and most effectual remedy known for this child-killing-disease.

Testimony in its favor comes from all sections where it is known. It not only effectually removes from the system these troublesome and disagreeable Worms, but children who have been weak and puny for years are at once improved and restored to health by its use. Being a mild and gentle laxative, *It is a corrective of the greatest value.*

*It is a Vegetable Compound, and cannot be Beat!*

Among the most remarkable and successful achievements of this great remedy, is the removal of a Lizard eight inches in length, alive and spotted, belonging to the water species and looking like a veritable young alligator, from the stomach of Mrs. ELLEN KELLEY, of Bangor, Maine. Dr. True has in his possession a spotted Lizard six inches long, expelled alive, from the stomach of another woman in the eastern part of the State.

Dr. TRUE'S Elixir expelled from the stomach of a son of G. W. VICKERY, of Danville, Me., a living creature about eighteen inches in length and one and one-fourth inches in circumference,—species of a snake.

Dr. WARREN TAPLEY, of Lynn, Mass, prevailed upon a young woman to try Dr. TRUE'S Elixir, the result of the experiment being that she was relieved of a Tape Worm, alive, thirty feet in length.

BENJ. J. HILL, of Auburn, Me., late Captain 9th Maine Volunteers, was likewise relieved of a Tape Worm upwards of seventy feet long.

A child of JOHN FERGUSON, of Lewiston, aged about five years, was relieved of a Tape Worm, alive, sixty-nine feet in length.

There is no use talking, it is a fact that Dr. J. F. True's Pin Worm Elixir is the best Worm Exterminator or Vermifuge in the world for expelling Pin Worms, Long Round Worms, and in fact all living creatures that infest the bowels of suffering humanity are triumphantly expelled by this truly wonderful remedy. Sold by all Druggists and Dealers in Medicines. Price, 35c., 50c., and \$1.00 per Bottle.

**FLORENCE MANUFACTURING COMPANY.**

P. J. MC ELROY'S O.K. No. 3.

No. 1 VAG.

In calling attention to my goods, I would simply say they are the best that can be made. They will stand more rough usage, without breaking, than those of any other make.

*First.* They are made of the *best material*.

*Second.* The rubber washers on the pistons prevent them from breaking while in use.

*Third.* They are thoroughly packed so that it is not necessary to repack them, which is often the case with all others, and as complete GLASS SYRINGES, they are *superior* to anything offered to the trade.

In proof of my statements, please read the following testimonials:

#### From the principal Druggists of Boston and Elsewhere.

We have sold more of MC ELROY'S SYRINGES, for the past three years, than any other kind. They give *good* satisfaction, and we consider them the *best* in the market.

Impure articles will spoil the best receipt.

Has been sold for over 20 years, and always with satisfaction to buyers.  
It is in every respect reliable and effective, and only needs a trial.  
Our sales are averaging 400,000 Packages per year.

**Barker's Horse AND Cattle Powder.**

We propose giving our Handsome Lithograph Picture to each merchant buying **the first lot of our Horse and Cattle Powder**, at the following prices, which we believe are as low as any reliable powder is sold at.—

By one-quarter Gross (3 doz.)	\$15.00	per Gross, or \$3.75 for the 3 doz.
By one-half " (6 doz.)	14.50	" " " 7.25 for the half Gross.
By one " (12 doz.)	14.00	

We also propose to give to each buyer any reasonable amount of circulars, each circular enclosed in an envelope with an attractive engraving on, all ready for distribution by mail or otherwise, to farmers or other dealers in stock.

By the single dozen the price of our Powder is \$1.38, but we cannot afford to give a card with only one dozen; but if any one wants to try it, we will send them one dozen at this price; but as HORSE AND CATTLE POWDERS are very salable articles, there is no risk in taking at least one-fourth gross; in fact, it is seldom we get an order for a less amount.

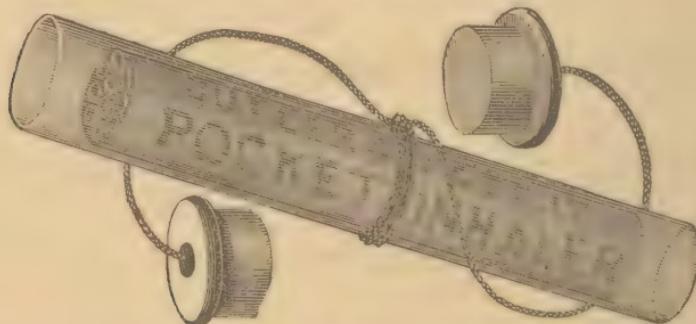

No extra charge for boxing. As the cards are quite expensive, we can only send one card to each buyer, and we feel confident it will help very much in selling the Powder.

**BARKER, MOORE & MEIN, 609 Market St., Phila.**

We beg to state that we have appointed the following well-known house as our agents for Portland, Me., for the sale of our Horse and Cattle Powders, i. e.

C U T L E R ' S  
 Pocket Inhaler and Carbolate of Iodine Inhalant.  
 Over 300,000 now in use.

A most wonderful remedy for all Nasal, Throat and Lung Diseases. Its curative properties have proved superior to anything hitherto used or known, affording relief in some cases in a few minutes. It will cure Catarrh. It has cured Catarrh where all other remedies have failed. It is, in fact, the only real Catarrh remedy. Bronchitis yields to it, and Consumption, if taken in any kind of season. The character of the disease, upon using the Inhaler, is rapidly changed for the better. In Asthma it has no equal. Every case is either cured or benefited. Coughs, Sore Throat, Hoarseness and Loss of Voice are relieved at once. It is used by Nilsson, Kellogg and Eustaphieve, and by hundreds of Clergymen and Public Speakers. It will correct the most offensive breath, rendering it as sweet as an infant's. The medical profession has adopted it in practice; the trade claim it as a favorite for quick sale; and it is extensively used in every State, the Dominion of Canada and in Europe.

**BEWARE OF IMITATIONS.**

## To Druggists and Merchants.

The above advertisement represents one of the many styles of newspaper cuts that are used for Brown's Iron Bitters, which medicine is now being thoroughly introduced in the different countries of the world. Its sale was gradually increased, until now it can be classed

as one of the standard remedies, the intrinsic merits of which are guaranteed by the manufacturers, whose references are the leading business men and bankers of their own city. *Brown's Iron Bitters* is not a drink, but a thorough tonic, containing Iron in a form that is not injurious to the teeth, and not being used as a drink, requires for its sale no special liquor or bitter license.  To any druggist or merchant who has not been already supplied, handsome signs and printed matter will be sent on application to the proprietors.

# LACTOPEPTINE.

---

We take pleasure in calling the attention of the Medical Profession to some important improvements made in Lactopeptine, viz: *its entire freedom from any unpleasant odor or taste*; (also, its lighter color.) These changes are the result of the increased purity of the several ingredients, and we can confidently claim that its *digestive* properties are largely increased thereby.

Each ingredient is prepared in its purest form, and we have reached this perfection only after a long series of careful experiments.

We can assert, without hesitation, that it is as perfect a digestive as can possibly be produced.

---

LACTOPEPTINE contains all the agents of digestion that act upon food, from mastication to its conversion into chyle, thus combining all the principles required to promote a healthy Digestion.

LACTOPEPTINE has digestive power seven times greater than any preparation of Pepsin, as it has the important advantage of dissolving all aliment used by mankind, while Pepsin acts only upon plastic food.

## KENDALL'S SPAVIN CURE.

The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.

## KENDALL'S SPAVIN CURE.

WILTON, MINN., Jan. 11th, 1881.

B. J. KENDALL & Co., Gents:—Having got a horse book of you by mail a year ago, the contents of which persuaded me to try Kendall's Spavin Cure on the hind leg of one of my horses which was badly swollen and could not be reduced by any other Remedy, I got two bottles of Kendall's Spavin Cure of Preston & Ludduth, Druggists of Waseca, which completely cured my horse. About five years ago, I had a three year old colt sweenied very badly. I used your remedy as given in your book without roweling, and I must say to your credit that the colt is entirely cured, which is a surprise not only to myself but also to my neighbors. You sent me the book for the trifling sum of 25 cents, and if I could not get another like it, I would not take twenty-five dollars for it.

Yours truly,

GEO. MATHEWS.

## KENDALL'S SPAVIN CURE.

The wonderful success which has been achieved with this remedy has encouraged the proprietors to refine it EXPRESSLY FOR HUMAN FLESH. No remedy has ever met with such unqualified success on all animals, which has led many hundreds to test its virtues on their own flesh.

Thousands have found it to be sufficiently strong to penetrate, and to have the real virtue to cure the worst cases of rheumatism, neuralgia, corns, bunions, warts, frost-bites, felonies, chilblains, burns or any pain, bruise, cut or lameness which are not affected in the least by ordinary liniments.

WATERLOO, IND., Sept. 7, 1881.

BOYER & CAMPBELL., Gentlemen:—The bottle of Kendall's Spavin Cure I purchased of you has cured me of a very lame back, (after using almost everything else) the relief was almost instant. I put only a very little on at a time and rubbed it in well. I consider it the best liniment for man or horse extant. I would not do without it for ten times the amount it costs.

Yours truly,

HIRAM LEIB.

The success of Diamond Dyes with us has been astonishing. In the last 12 months we have sold 425 gross, and the sale still increases. Everybody takes occasion to praise them, and *not one complaint* of them has yet reached us. From the many letters of praise from our customers we give a few extracts below.

JOHN W. PERKINS & CO.

"The Diamond Dyes are superior to any we ever sold, both in quality and quantity, customers always giving them the highest recommendation for ease in using and durability of colors."

CARPENTER BROTHERS, DRUGGISTS, Coos, N. H.

"As regards price, quality and quantity of goods each package will color, I have never sold a Dye of its equal."

P. TICKNER, DRUGGIST, Calais, Me.

"They are the cheapest, and as to quality, surpass any Dyes we have ever handled."

O. W. KIMBALL & CO., DRUGGISTS, Lewiston, Me.

"The quantity and quality give better satisfaction than any Dyes I ever sold. My customers say they color larger quantities than other Dyes."

## SEABURY & JOHNSON'S PHARMACOPEIA AND MEDICINAL

# India Rubber Porous Plasters.

Pharmacists and Druggists will have the kindness to bear in mind that we manufacture but ONE QUALITY of medicinal and surgical Plasters. When a physician prescribes an officinal preparation, he invariably expects such article to be of pharmacopœia strength. To depart from established formula, or to cheapen medicinal preparations by the introduction of inferior drugs or extracts, is simply reprehensible. Such preparations not only baffle the acknowledged skill of practitioners, but it also reflects disadvantageously upon the judgment and intelligence of the dispensing pharmacist or druggist. It has never been our aim, and never will be, to calculate how cheaply we can produce a suspicious class of medicinal articles.

The extensive demand, united with *our unequalled facilities* for the economical production of our specialties, enables us to offer the best quality of elegant and uninimpeachable goods at exceptionally low prices. They are skillfully made of purified India rubber, selected drugs, and incorporated with an unquestionable quality of alcoholic medicinal extracts. Every pharmacopœia article is warranted to be of proper strength, and guaranteed to give perfect satisfaction in every respect.

### ANALYSIS OF BELLIADONNA PLASTERS.

BY PROF. R. OGDEN DOREMUS.

BELLEVUE HOSPITAL MEDICAL COLLEGE, }  
NEW YORK, Sept. 7, 1878. }

MESSRS. SEABURY & JOHNSON:

*Gentlemen*:—I obtained from Messrs. W. H. Schieffelin & Co., of this city, samples of Belladonna Plasters, prepared by Grosvenor & Richards, Boston; Mitchell's Novelty Plaster Works; Seabury & Johnson, New York and London. I have examined these varieties for the purpose of determining which possesses the largest quantity of atropine. I employed equal surfaces of each, and my analysis demonstrated that Seabury & Johnson's contains the greatest proportion of the active principle of Belladonna, and is the most reliable plaster.

PROF. R. OGDEN DOREMUS, M. D., LL.D.

NEW YORK, June 7, 1878.

MESSRS. SEABURY & JOHNSON:

*Gentlemen*:—Samples of the Belladonna Plaster manufactured by your firm, and by Dr. Grosvenor's, were purchased by me of a well-known drug house, and comparative tests made of the same for the purpose of determining the relative amount of Extract of Belladonna in each. The tests used were applied to an equal quantity of each plaster, and under similar conditions. I find that a larger amount of the solid Extract of Belladonna is contained in your preparation, which result was corroborated by repeated trials.

Respectfully yours,

J. P. BATTESHALL, Ph. D.,  
Analytical and Consulting Chemist.

CONOVER, Druggist, Newark, N.J.

MANY WHO have used Ely's Cream Balm as a remedy for Catarrh, Cold in the Head, &c., report that the immediate results are wonderfully beneficial. Many cures of obstinate cases of Catarrh are reported. CHAS. STODDART, Druggist, 84 East Seneca St., Buffalo, N. Y.

"MERIT MUST REAP ITS JUST REWARD." Of the many Catarrh and Hay Fever remedies we keep in stock, there is none of which our customers speak more highly than of Ely's Cream Balm. We have never handled a remedy that has increased so rapidly in sales or given such universal satisfaction. C. N. CRITTENTON, 115 Fulton St., N. Y.

ONLY TWO BOTTLES. Messrs. Johnson, Holloway & Co., Wholesale Druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good Catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both the officers and the wife of Gen. John C. Fremont, Gov. of Arizona, had been cured of Catarrh by the two bottles of Ely's Cream Balm.

FROM MAJOR DOWNS, Military Instructor, Mt. Pleasant Academy, Sing Sing, N. Y. During the very cold weather I was suffering with Catarrh. My head and throat ached so severely that I was obliged to give up everything and keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved; the pain began to subside. In two days was entirely cured. W. A. DOWNS. Feb. 15, 1881.

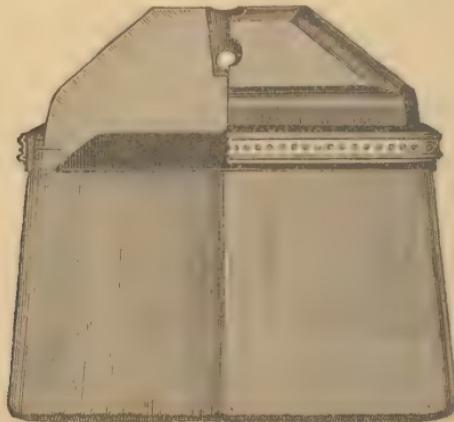

My daughter and myself, great sufferers from Catarrh, have been cured by Ely's Cream Balm. My sense of smell restored and health greatly improved. C. M. STANLEY, Dealer in Boots and Shoes, Ithaca, N. Y.

CORRECTIVE  
OF THE  
Digestive  
AND  
Urinary Organs

A POSITIVE  
Tonic,  
ALWAYS ACCEPTABLE  
AND  
Reliable,  
HIGHLY RECOMMENDED BY  
Chemists and  
Physicians.

A Blood, Brain and Nerve Food. Rich in the Phosphates of Wheat. The Staff of Life.

This preparation is richer in the life-giving phosphates than any other compound. It is a sure and infallible remedy for *Dyspepsia, Indigestion, General and Nervous Debility, Malaria, Fever and Ague, Intermittent Fever, Biliousness, Languor, Jaundice, Insomnia, Liver, Kidney and Female Complaints.*

All diseases which arise from derangement of the Digestive Organs or which are caused by poverty of the system or malnutrition, yield to the corrective and vitalizing power of Wheat Bitters.

Wheat Bitters is not an alcoholic drink, neither is it a cathartic; but a combination of the phosphates of wheat, extracted by solution, and not fermentation, and carefully combined with the most valuable vegetable bitters.

It is pleasant to the taste and the best of all known tonics. It cures the sick and fortifies all against the insidious attacks of malaria.

The old, the young, the middle-aged, are benefited by its use. The nursing mother, the delicate female, the weakly children are speedily restored to health, strength and vigor of mind and body.

THE GREAT REMEDY FOR CURING

Coughs, Colds, Asthma, Hoarseness, Spitting of Blood, Bronchitis, Loss of Voice, Whooping Cough, Influenza, Soreness of the Throat, Chest and Lungs, and all diseases leading to Consumption.

It is prepared from highly concentrated Vegetable Extracts, and Barks, Gums, and Roots of wonderful Healing properties, and this Balsam is highly recommended by eminent Physicians, Clergymen and others, testimonials from whom we can furnish without number.

**Don't Fail to try it. It is pleasant to Take, and works like a Charm.**

Beware of imitations! See that the name of "F. W. KINSMAN" is blown in the bottle. *Inquire for Adamson's Botanic Cough Balsam. Take no other.*

PRICE 35 AND 75 CTS. TRIAL SIZE 10 CTS. CIRCULARS FREE TO ALL.

[From JOHN W. PERKINS & Co., Wholesale Druggists, Portland, Me.]

We have sold more than five hundred gross of Adamson's Cough Balsam, always giving our customers the privilege of returning it when unsatisfactory or unsalable; but not a bottle has come back, nor have we heard of a single complaint from it. On the contrary, all our customers speak in the highest terms of its virtues, and it is to-day the best selling cough medicine we have in our stock.

[From the Maine Farmer, Augusta.]

The names of those who have tested the medicinal properties and recommended the use of Adamson's Cough Balsam are of the highest standing, and ought to be a sufficient guarantee of this popular medicine.

THE MAYOR OF AUGUSTA, MAINE,

writes: "Whenever I get cold it always settles on my lungs and has proved very hard to remove, yielding slowly to the usual remedies. A few days since I took cold which went to my lungs; one-half of a 35 cent bottle of Adamson's Botanic Balsam entirely cured me. It is *the best remedy* I ever tried. Its action is quick and sure, nothing nauseating about it, and I shall take good care not to be without it in the future."

P. O. VICKERY."

In addition to the above testimonials in regard to the efficacy of this Balsam, I refer to U. S. Sec'y of State, J. G. Blaine, Chaplain C. C. M'Cabe, Chicago, Ill., Ex-Mayor Joseph J. Eveleth, Mrs. Col. T. A. Lang, Mrs. Col. DeWitt, Rev. C. F. Penney, Col. Thos. Lambard, Rev. E. H. W. Smith, W. H. Libby, Dep'y U. S. Marshal, Silas W. Wyman, James E. “TURTLE OIL,”  
ARE

Absolutely Pure and Delicately Perfumed.

## “PURITY.”

At no time in the history of the world has the art of adulterating been carried on so systematically as at the present time in the manufacture of Soaps.

The aim of the average manufacturer is to produce the largest piece of Soap for the smallest amount of money.

In the manufacture of Soaps, in order to sell them cheap, large quantities of *poisonous fats*, taken from *diseased animals*, are used.

In the opinion of eminent chemists such Soaps are a source of infection, and many cases of disease can be traced to them.

In their opinion only pure Soaps are fit for toilet use, the habit of using common poisonous Soaps being an injurious one.

The Judges of the American Institute, comprising men of the highest standing in their profession, awarded these Soaps the highest award attainable on Soaps for 1879 and 1880.

*These are the largest, most attractive and cheapest PURE Soaps in the market.*

**TRUE DALMATIAN INSECT POWDER.**

This is ground from the best flowers and is entirely free from adulteration. Put up in a patent can with perforated top, and with an elegant lithographed label in three colors. Customers' names printed on 3 dozen lots.

**PERKINS' ESSENCE OF JAMAICA GINGER.**

Ordinary Gingers contain a useless resinous matter which irritates the stomach and produces a milky appearance, when mixed with water or syrup. This resinous matter is freed from our Ginger, leaving it a pure and clear extract of Ginger Root, without Cayenne or other adulteration.

When ordering "Perkins' Ginger," be sure you get it, as other makes have been sent when ours was ordered.

**PERKINS' PURE COD LIVER OIL.**

**SWEET AND PALATABLE.**

The Cod Liver Oil commonly sold is so repulsive in taste and smell that Emulsions have been used to obviate nausea. Of these Emulsions the disguising material is a large proportion, has but little if any remedial value, and its presence in the stomach is, to say the least, of no benefit to the patient.

Our Oil is selected from the best Norwegian brands, and is strictly pure. Being palatable, it is as readily taken as the Emulsions. Full Pints, in superior style of bottle and label, \$5.50 dozen.
